Karnataka State Women's University, Vijayapura had submitted its IDP in 2013 on the basis of SWOT Analysis, RUSA guidelines and meeting with stakeholders. The works proposed in the IDP were either initiated or completed during 2014-15 itself. The university has been selected for RUSA funding in the PAB meeting held on 1.12.2015. This necessitates the university to deviate from the proposed IDP works to the following proposals under

Component 3: Infrastructure

I. New Constructions (Maximum: 35%, Rs. 7.00 crore)

1. Class rooms:

a. Department of Physical Education

It is proposed to take up the work of classrooms for the Department of Physical Education. Since there is no space for classrooms to run in the existing building and only few Offices, Staff Rooms & Store Rooms are there at present. Now at present Offices & Class Rooms are temporarily accommodated at the Store Rooms only to run classes. Now the fresh work includes the Classrooms, Gymnasium, Athlete Changing Room, Toilet etc. The approximate built up area work out to be 580.00 Sqm. And the approximate Estimate Cost Value is works out to be Rs.118.80 Lakhs.

b. Department of Education

It is proposed to take up the Class Rooms in the first floor of the Department of Studies in Education. Since there is no space to accommodate Class Rooms at Ground Floor and also the strength of the student at present in the Department of Studies in Education is more. Hence the classrooms are very urgently required. The scope of work includes Classrooms, Seminar Hall, Office, Library, Computer Laboratory, HOD/Chairman Room. The approximate built up area works out to be 625.00 Sqm and approximate Estimate Cost Value works out to be Rs.118.80 Lakhs.

c. Department of Electronics

At is proposed to take up the Classrooms for Electronics Department. Now the Electronic Department is running in a small building and the requisite Class Rooms are not available. Hence it is decided to take up the work of construction of Electronics Department Buildings on top priority basis. In this regards the said building in proposed. So the scope of work includes Class Rooms, Laboratories, Libraray, Offices, Chairman Room, Toilets. etc, The approximate built up area works out to be 785.00 Sqm and approximate Estimate Cost Value works out to be Rs.141.15 Lakhs.

2. Library:

- a. The proposed Library Building is one of the most important buildings in the entire Campus. In the first phase work only few Readings Halls had been constructed. Now in the second phase work it is proposed to, provide Technical Section, Periodicals, Info Net Library, SC/ST Book Bank, Meeting Hall, Librarian Room, Photocopy & Store/Binding Room, Toilet etc. It also provides the comfortable Sitting & Study Room for Research Scholars & all student of university. The total built up area comes to 1,146.00 Sqm and the approximate estimate cost value works out to be Rs.183.37 Lakhs.
- b. Library Building First Floor Work: It is proposed to take up the work of First Floor of Library Building. In the first phase work only few Readings Halls had been constructed. Now in the second phase work it is proposed to provide hall for Competitive Exams, UNO Publications, Stack/Reading Room, Research Assistants, Reading Rooms, Internet/Digital Library Room, Computer Room With Server, UPS Room, Digitalization with Scanner, Documentation Center Room, Reprogram Room, D.Lib Office, Librarian Room, Toilets, Lobby, Property Counter, Reception etc. The total built up area comes to 766.00 Sqm and the approximate estimate cost value works out to be Rs.137.88 Lakhs.

II. Upgradation/ Renovation (max: 35%, Rs. 7.00 Crore)

1. Academic building:

- a. **Library Science Building/Journalism & Mass Communication Building :** The University has proposed to take up the work of upgradation/renovation of old Department Building of Library Science Building/Journalism & Mass Communication Building. The scope of work to be carried out includes minor internal & external plastering work and respective painting work, water proofing work and repair work of water supply, plumbing , electrification, etc . The approximate estimate cost valve works out to be Rs.25.00 Lakhs.
- b. **Department of Chemistry building:** The University has proposed to take up the work of upgradation/renovation of old Chemistry Department Building. The scope of work to be carried out includes minor internal & external plastering work and respective painting work, water proofing work and repair work of Laboratory, Water Supply, Plumbing, Electrification, etc . The approximate estimate cost valve works out to be Rs.12.48 Lakhs.

2. Administrative building

Renovation of old ADM block which now houses offices of the Directorate of Student's Welfare, Directorate of Sports, Equal Opportunity Cell, NET/SET Coaching Cell etc . The University has proposed to take up the work of upgradation/renovation of old Administrative Building. The scope of work to be carried out includes minor internal & external plastering work and respective painting work, water proofing work and repair work of water supply, plumbing, electrification, etc . The approximate estimate cost valve works out to be Rs.20.00 Lakhs.

3. **Class room:**

For upgrading the existing class room into ICT enabled class rooms with adequate infrastructure

Rs. 40.00 Lakhs

4. **Laboratory**

- a. **Upgradation of IT Laboratory of Department of Library and Information Science:** Updating the existing IT laboratory with advanced servers, multimedia facilities, web designing tools, Integrated Library Management Softwares, and other softwares required including antivirus softwares, modern teaching aids and special office equipments, high end scanners, camera and DL softwares,

Rs. 25.00 Lakhs

- b. **Up-gradation of Jnana Vahini Studio:** : To increase the experiential learning at PG level it is necessary to add 6 more Video Studio Cameras in a phased manner. At present Studio Laboratory have only two Cameras and it is not sufficient for train the students. Therefore it is necessary to add minimum 6 more Studio cameras in the Studio Laboratory.

Rs. 20.00 Lakhs

- c. **Language Laboratory for the Department of English:** To upgrade the laboratory with necessary soft-wares and up-gradation with latest configuration computers to cater to the needs of 30 students

Rs. 5.00 Lakhs

- d. **Computer Science Laboratory:** Digital Electronic Trainer Kit, Microcontroller Trainer Kit, Laptops, Microprocessor Trainer kit Printers, Pointer (Ebeam), Ludia, Touch Screen Podium, LED Color TV, Projector, White screen to perform the practical and project work for 120 students of M.Sc & MCA.

Rs. 25.00 Lakhs

- e. **Bioinformatics and Biotechnology Laboratory:** To increase the experiential learning at PG level strengthening the biotechnology laboratory with GelDoc, Real Time PCR and Incubator shaker.

Rs. 25.00 Lakhs

5. **Computer Centre:**

Upgradation of Computers (Processor, RAM, DVD R/W), Upgradation of UPS of 20 KV with battery

Rs. 30.00 Lakhs

6. **Wi-fi enabling:**

Centralizing and providing the internet facility to each and every department of university through Airfibre, OFC, Internal dedicated LAN facility and Routers and making the University campus Wi-Fi enabled campus is very much essentially required. To support this a Firewall is also required to monitor and control the incoming and outgoing network traffic based on predetermined security rules for approximately 5000 users. All these are required to be developed at a cost of

Rs. 50.00 Lakhs

7. **Campus Development:**

a. **Cement Concrete Drain Work :** The Cement Concrete Drain Work for all around the Administrative Building to avoid surface water & rain water to enter into the Basement of Administrative Building. The length of Cement Concrete Drain is 65.00 Mts and the Thickness of Cement Concrete Drain is 0.075 Mts and 1.00 Mts X 0.60 Mts Trapezoidal Channel of 1.00 Mts varying depth at western side of the building and the same in connected to the main drain. The approximate estimate cost value works out to be

Rs. 8.34 Lakhs

b. **Cement Concrete Road Work:** The University has proposed to take up the various approach roads with Cement Concrete Road at just in front of Administrative building. It is also proposed to keep the width of road as 7.50 Mts and 12.50 Mts with a length of 37.00 Mts and 50.00 Mts with a thickness of 0.45 Mts depth. Provision is also made for the excavation, PCC Bed Concreting. The approximate Cost Value works out to be

Rs. 28.65 Lakhs

c. **Trench Work:** The University has proposed to take up the work of providing trench work at northern Side of sports track and field at Jnana-Shakti Campus. The track and field is situated at the low lying area and during heavy rainfall the water is surrounded by track and field. Therefore to avoid water entering into the sports track field and its connected building. It is proposed to provide a trench work of approximate length of 167 Mtr with breadth of 2 Mts and varying depth of 1.5mts to 2 Mtr. The approximate cost value works out to be

Rs. 4.87 Lakhs

d. **Car and Bike Parking Shed at Administrative Building :** The University has proposed to take up the work of Car & Bike Parking Shed at various department buildings such as Administrative Building, Social Science Building & Library Science Building. The Technical Specification of Car and Bike Parking Shed at Administrative Building work including 150mm Dia M.S. Tubular Poles as column of height 4.50 Mts and also M.S. Tubular Truss with Galaluminmun Iron trapezoidal profile sheet. The platform with P.C.C. bed Concreting of an average thickness of 0.45 Mts. The total area to be covered is 28.00 Mts X 12.00 Mts. The Approximate Cost Value works out to be

Rs. 45.22 Lakhs

e. **Car and Bike Parking Shed at Social Sciences Building :** The University has proposed to take up the work of Car & Bike Parking Shed at various department buildings such as Administrative Building, Social Science Building & Library Science Building. The Technical Specification of Car and Bike Parking Shed at Social Sciences Building work including 150mm Dia M.S. Tubular Poles as column of height 4.50 Mts and also M.S. Tubular Truss with Galaluminmun Iron trapezoidal profile sheet. The platform with P.C.C. bed Concreting of an average thickness of 0.45 Mts. The total area to be covered is 28.00 Mts X 12.00 Mts. The Approximate Cost Value works out to be

Rs. 45.22 Lakhs

- f. **Car and Bike Parking Shed at Library Sciences Building** : The University has proposed to take up the work of Car & Bike Parking Shed at various department buildings such as Administrative Building, Social Science Building & Library Science Building. The Technical Specification of Car and Bike Parking Shed at Library Sciences Building work including 150mm Dia M.S. Tubular Poles as column of height 4.50 Mts and also M.S. Tubular Truss with Galaluminmun Iron trapezoidal profile sheet. The platform with P.C.C. bed Concreting of an average thickness of 0.45 Mts. The total area to be covered is 28.00 Mts X 12.00 Mts. The Approximate Cost Value works out to be

Rs. 45.22 Lakhs

- g. **Asphalting Roads** : The University has proposed to take up the various approach roads with bituminous road at just in front of various Department buildings like Kannada Department Building, Dr.Ambedkar Bhavan Buiding, Education Department Building. It is also proposed to keep the width of road as 5.50 Mts. with a approximate length of 600.00 Mts. The approximate estimate cost valve works out to be

Rs.30.00 Lakhs

- h. **Asphalting Road along with the Cross Drainage Work** : The University has proposed to take up the various approach roads with bituminous road at just in front of Social Sciences Building along with the Cross Drainage Work. It is also proposed to keep the width of road as 5.50 Mts. with a approximate length of 400.00 Mts. along with the one Cross Drainage Work comprising one single row of 1.00 Mts Dia NP2 Hume Pipe with R.C.C. Head Wall. The approximate estimate cost valve works out to be

Rs.20.00 Lakhs

- i. **Water Supply Pumping Machineris** : In the Jnana-Shakti Campus, One Over head Water Tank of Capacity 2.00 Lakhs Liter & one Under Ground Level Sump Reservoir Tank of capacity 12.00 Lakhs Liter had already been constructed. All the main water supply distribution network had also been made. Now the University Campus is not provided with the requisite Pumping Machineris. Now it is proposed procure the various Pumping Machineris of Capacity 10HP, 15HP,20HP Jet Pumps & Submersible Pumps of Indian Standard make. The approximate estimate cost valve of machineris works out to be

Rs.10.00 Lakhs

- j. **Landscaping** : The Jnana-Shakti Campus is spread over 281 Acre of land. The land is undulating ground profile with lots of ups & downs. The landscaping & gardening in not done in the new Campus. Now it is proposed to take up the landscaping & plantation work around few building on top priority basis namely Administrative Building, Science Block Building, Social Sciences Building, Library Building & Vice Chancellor Bungalow Building. The nature of works to be carried out including Ornamental Plants, Korean Grass, Mexican Grass. Farm Yard Manure. The appreciate area is to be covered is 2.5 Acre. The approximate estimate cost value works out to be

Rs. 50.00 Lakhs

8. Playground Upgradation

The University has proposed to take up the work of upgradation of various sports surface such as an Basket Ball, Volley Ball, Throw Ball, Hand Ball, Net ball, Kho-Kho, Kabbaddi, Tennicoat. The nature of works to be carried out including surfacing and resurfacing with the synthetic turf with the multipurpose sporting facilities. Sports Surfaces also including construction and erection of Fencing. The approximate area of the sports surface to be developed is 200m x 50m along with the construction of embankment with approved murrum of varying depth 1.00 Mts to 2.00 Mts. The approximate estimate cost valve works out to be

Rs.135.00 Lakhs

III. New Equipments/Facilities (Max: 30%, Rs. 6.00 Crore)

1. Computers and ICT

a. Examination Management System

For strengthening the EMS in the Examination section the equipments like Scanner, Servers, Marks Card Printing Machines, Computers for Digital Valuation, UPS, Convocation Passing Certificate printer and other devices required.

Rs. 60.00 Lakhs

b. Video Conferencing

Video conference complete set (Video Conference End point full high definition for groups specification:PtoP upgradable to 1+3multiparty Connektivty:4MBPS on IP; MCU SW 1+5 Add on items for video conference system Item:1+5 multiparty software upgrade for HD group video end point; Micpod:Add on items for video conference system Item:Additional microphone) and HD TV for video conferencing (LG Ultra HD TV,49Cm,Modle UF770T,IPS 4K,Ultra Luminance Web OS 2.0-Simplified user experience,magic remote with pointer & universal control,dual metal design,Wi-Fi built in,3G/4G dongle compatibility) to set up video conferencing unit at a total cost of

Rs. 5.58 Lakhs

c. Laptops for each teacher

To support the teaching fraternity and to encourage them to use laptops for teaching, e-governance and research activities, 52 HP Pro Book(440,i7,5500u/4GB/500GB/14.0)Intel Core i7,Operating System:Windows 8.1Professional laptops have to be purchased at a cost of

Rs. 32.65 Lakhs

d. ICT Cell infrastructure:

It is required to equip the ICT cell with High end Server, UPS with computers, printers and scanners along with other ICT infrastructure and firewall to provide or conduct trainings to UG employees, students and UG colleges regarding ICT initiatives at an approximate cost of

Rs. 30.00 Lakhs

e. Computers and other accessories

- ✓1. **Social Science faculty:** The Social Science faculty comprises of number of departments and more than 500 students pursue their P G programs under different departments. They lack in computer skills and as such a computer laboratory is proposed to be established.

Rs. 40.00 Lakhs

- ✓2. **Commerce and Management:** The Faculty of Commerce and Management comprises of two departments and more than 200 students pursue their P G programs in Commerce and Management. The Computer Center needs to be upgraded with Latest computers, Internet connectivity, LAN.

30.00 Lakhs

- ✓3. **Library:** To equip the library with a digital library facilities required infrastructure needs computers, scanners, LCD and other e-gadgets.

Rs. 11.77 Lakhs

2. Laboratory equipments

- ✓a. **Botany Laboratory:** Procurement of latest research equipments for up-gradation of laboratory (Trinocular Microscope, Microtome (High end), Inverted Microscope, Spectrophotometer, Electronic balance, Laminar air flow, Hot air oven, Stereo Zoom Microscope, Ice maker, Incubator, Autoclave, Distillation unit, centrifuge, Refrigerator, Hot air oven, Water bath, Soxhlet apparatus, Desiccators, TLC apparatus, Sonicator etc).

Rs. 25.00 Lakhs

- b. **Chemistry Laboratory:** Department of chemistry has been started in 2012-13 and the laboratory lacks equipments to conduct practicum. Major and Minor equipments required to conduct practicum for M.Sc I and II years Chemistry Students are: Centrifuge machine, Remi's centrifuge, 3500 rpm, Conductmeter : Digital conduct meter, model 2003-5, range 20-200k, Electronic balance : Digital electronic balance, DS-852J, of Essae, working range-1mg-100g, pH meter : General purpose glass body, single junction, refillable pH combination electrode, Polarimeter, Potentiometer, Suction pump, UV- VIS spectrophotometer, Incinerator, Samsung Refrigerator, Beckmann's thermometer Visible colorimeter Dessicator, Desktops, Printers, UPS 10KV, Xerox Machine and Podiums.

Rs. 25.00 Lakhs

- c. **Pharmaceutical Chemistry Laboratory:** Fume hoods 04, small equipments like spectrophotometer, colorimeter, heating mantles, stirrers, chilling machines, water pumps, ph meter, conductivity meter, refractometer, Buchi rotary evaporators:02, Ice maker, refrigerators:02, solution dispensers, etc, etc

Rs.25.00 Lakhs

- ✓d. **Zoology Laboratory:** Strengthening of Zoology Laboratory with different types of microscopes- Electron Microscope, compound microscope and lab microscopes.

Rs. 25.00 Lakhs

e. **Electronics Department:** To set up Robotics Lab and embedded system lab which, is helpful for consultancy and research work.

Rs. 10.00 Lakhs

f. ✓ **Journalism and Mass Communication Computer Centers:** Department of Journalism and Mass Communication has established a Multi Media Lab for train the students in Print, Electronic and New Media. There is a urgent need to Upgrade the following equipments: Up gradation of Computers (Processor, RAM, DVD R/W).

Rs. 5.00 Lakhs

g. ✓ **Language Laboratory for the Department of Kannada:** To create a language laboratory for the department of Kannada with required soft- wares.

Rs.20.00 Lakhs

h. ✓ **Center of Performing Arts:** The Center for Performing Arts has been established during this academic year. The department needs to be established. In this regard the basic equipments required like music instruments need to be purchased.

Rs. 5.00 Lakhs

i. **Physical Education Laboratory:** The Department is offering various courses B.PEd, M.PEd, M.Phil, PhD and other diploma courses. All these courses are inter-disciplinary in nature with a slant on subjects such as Bio-mechanics. Anatomy, Psychology, Sports medicine, Kinesiology, Sports psychology, Sports training and Tests & Measurements demands the estimates of scientific Laboratory to conduct qualitative research and to develop scientific temper among the students. Hence it is essential to establish the innovative laboratories for the benefits of the students.

Rs. 5.00 Lakhs

j. **Education Laboratory:** To strengthen the Department by equipping modern equipments for Education Psychology Lab and creation of Language laboratory.

Rs. 5.00 Lakhs

3. Books/e-resources/Learning resources

- a. **Reference Books:** To strengthen the P G and research programs offered in the university quality reference books like dictionaries, encyclopedia, yearbooks, directories, style manuals, cartographic material, books related to competitive examinations, monographs and other related reference works a sum of Rs. 50.00 Lakhs is required
- b. **E-resources:** To strengthen the P G and research programs offered in the university e-books, e-journals and other forms of e-resources a sum of Rs. 50.00 Lakhs is required
- c. **DDC and UDC schedules and other learning resources:** Latest editions of DDC and UDC schedules and other learning resources are required to support the P G programs in Library and Information Science. An amount of Rs. 15.00 Lakhs is required

d. **E-content development:** An amount of **Rs. 40.00 Lakhs** is needed to develop 36 modules of e-content in Women's studies.

Other facilities:

✓ a. **Green House:** Greenhouses are homes for very meaningful research, preservation and education. They are being used not only for botanical education and demonstration, but for the simulation of distinct climate zones and environments which can aid in the preservation of rare plant species or for producing transgenic plant material to be used in leading research experiments. Greenhouses are becoming increasingly integral necessities to these scientific research communities and less affiliated with just purely crop production, but rather as essential contributors to developing scientific solutions to urgent problems we face.

- Germplasm conservation
- Cultivation and conservation of medicinally important plants
- Acclimatization of tissue culture raised plants
- Stress physiology and transgenic plant induction

Rs. 85.00 Lakhs
